Bro. Joe Widick
Church of Christ
Maple Hill

To the loved in the Lord, we desire that everything that your hands touch is blessed by our same God, who deserves all of the glory.

We tell you that God has not gone away from our side because we can see His blessings in every moment; the first Sunday in February gave us a new joy that the wife of one brother decided to obey the Lord (Walda Mayummi de Coc). Also one brother that had been away [from the church] for several years, the Lord again touched his heart and was reconciled on the 14th of this month. (Rodolfo Pú)

For this servant it is a very great privilege to be able to give this joyful news. And tell you that the 21st of February this congregation had 7 invited souls present, who heard God's message hoping that He will do the work with them and they can continue coming and belong to this family. Also I have planned to support the women's group with a monthly training course that will start the 28th of February, I have already finished preparing the men and there are 6 brothers trained to preach and lead the congregation.

Also continuing with the program for this year we had the first **family meeting**, at the local level and for God's glory we received 17 family members of our brothers and God touched the hearts of backslidden brothers and 4 souls reconciled with Him. Also we got to see the birth of another brother (Ever Estrada Armas) [and] we are very thankful to God [for him]. We always ask for your prayers to be able to continue with this beautiful work that God gave us.

In Christ Jesus,
Your Brother

All of the brothers in Mixco desire that our Lord is always showering blessings in your lives and activities.

We want you to participate in our blessings, which have really been great for this congregation.

During the first quarter of work with the plan for 2009 there have been 10 souls added to God's kingdom whom we love in the Lord and desire that they prepare themselves to serve Him and worship Him as He commands, also that they will know the God's love through us the children of God. For that purpose we have organized an activity in which we will show our love and appreciation and present each one of them with an acknowledgement as a new member of the congregation.

To praise God I tell you that the praise ministry is progressing and already work has been done to form new ministers in this ministry and there are 8 members trained.

Also the youth group is working by including the new youth in the work of the church and showing a united group that is supportive in whatever need.

The women's group is growing and is supporting in everything that this servant is able to reach with God's help.

In Christ Jesus,
Your Brother
