

Salvation is found in no else, for there is
No other name under haven given to
Men by which we must be save.
Acts 4:12.

And this big true is the wonderful true than we are preaching, and all us like a big team have every day many results, let me show you how is going the work than we are doing here, let me show you the fruit than we has been in this month because for us since a good brother than came and visit us is a bless, more we fell blessing when a new people than came and receive to Jesus in his heart.

In the first picture line is sister our sister Maria Fernanda Marin, in the second line is his Father Brother Luis Alfonso Marin, and in the third picture line is our brother Felipe Marin, yes all there are of one family, our brother Marin is husband of sister Irma de Marin, in his home we has been a meeting Tuesday in the night, and since many years sister Irma came prey and now almost all his family is Christian, their have others children, let me remember than Brother Capiro Baptize other of his son last year, in a evangelistic Campaign, now yet we have two younger of his son, but I know than soon if God will I will have a good News.

Like I say you in the last report, after know brother Hermes in Cartagena to missionary team he talk to us about our brothers there and the church in Tuluá decide invited brother Desias Besil and he accept the invitation and came with us, let me say than was a wonderful time than I was with him, because we share experience and it was refreshment for me, he show me what is doing in Cartagena the task of the others missionary how there are working there and he give me a new Ideas how I may do here in Tuluá too, I show him how is the work than we doing here and the methodology Than we doing here let me show you also to you; we has been like almost all congregations in the Building of church meetings we have Wednesday and Saturday at seven at night, and our worship Sunday in the afternoon, but the Tuesday at 8: 00 P.M we have a Biblical Study in brother Marin home, yes our new brother but remember than he is new but his wife is Christian since many years ago, this Day brother Besias teach us about the responsibility in the church like Christians, and ambassadors of our lord.

Also we has been a meeting in brother Jair and Adiola home all Friday at night at 8:00 we have this Biblical Study at this hour because many of brothers finish his work after seven so at this time is easy for them may came and have communion and may learn the class the is prepared for them, this day brother Besias teach about the Good Shepherd and Jesus did His sacrifice for us now we need believe and obey him.

So brother Besias also was learned other forms how made the evangelism work, but I say than need some years and brothers than be involved with heard and with responsibility than invite new people and after than this new people will be interesting in listen well here may begin a good evangelistic work.

Well we have a hard work the Sunday than Desias was here, he wish visit also the Church in Cali city I say him is Ok and we went early in the morning we has in the worship I give the Biblical class and Brother Besias give us the Sermon.

We finish at 12: 00 M Go and take the lunch and we leave running to Tulua City for be at time to begin our worship here, he preach us and all brothers, after know him and love him decide have a good time with Besias not all can be work so than our brothers have a to prepare a roasted meat in Brother Luis Alfonso and Irma Marin, was very funny because I don't knew and both was very tired but we can say no to our brothers than wish have a detail with Besias, I say him well go to home chase your clothes and I was more work because the grand Mother of Brother John Harold Jaramillo die this day and brother Jaramillo say me if I mey go there and give some words of consolation to his family, almost all his family is not Christians and Brother Jaramillo say me is a opportunity to preach, well is true I say him and after the worship together some brothers I went there, but only God now how tired I was, after I went to the roasted with Besias he went to his home take shower and to change of clothes, I say me well for this you have you preparation in Baxter Institute, and I say but any body say me than be so hard, and we laugh of it.

I have a good time with my brother, I say him than brother Joe many times talk to me about him, and he is not wrong Desil is a good preacher and wonderful Christian, maybe I will go to Cartagena and visit the missionary team in this city, has been for me a big bless, and like say a refreshment this time with him, God bless him and you for the opportunity of have in Cartagena our brother Besias Desil.
